THE TRIP TO SALT LAKE CITY.

The members of the Kentucky Press Association arrived in Salt Lake City on Wednesday August 27th. We have been in a great many cities; we have seen a great many people, but of all cities and all people we were completely "taken in" by this matchless city. Here you find everything that heart can desire. Here you can find relief from pain; here is the place for health and here is the place for business.

Beautiful women reside in this city; well formed and well educated. It was in this city that U. S. Grant registered on his trip around the world. Here John C. Fremont was charged 50 cts. for one-fourth of a green apple pie. This occurred just after he was charged one dollar for a shave in Denver. It was just after this experience that he said, "when cities had the gaul to make such charges that they would certainly prosper and that all young men should go west."

At Salt Lake City we took a plunge in the pools of the sanitarium. At night we went to the Salt Palace and witnessed the bicycle races and attended the Vaudeville at the Palace theater. On Thursday the eighth, we attended the recital at the Mormon Tabernacle; a building 250 feet long and 75 feet to the ceiling and yet there is not a nail in it. In this building can be found one of the largest pipe organs in the world, which is fifty feet high. A special program had been arranged for the Kentucky people. Little Miss Tillie Williams sang "She was bred in Old Kentucky" and the Kentuckians cheered lustily. Prof. McClelland played on the great pipe organ "Old Kentucky Home" when he was loudly applauded, then he woke the old organ with notes of Dixie, when we went wild with enthusiasm.

About noon on Thursday we went to visit the old Brigham Young residence, where Pres. Lorenzo Snow, of the Mormon church now lives. We had the pleasure not only of meeting the President of the Church of the Latter Day Saints, but also his most estimable wife and beautiful daughter. The Pres. is 88 years of age and never has worn a pair of glasses. The house is known as the Beehive. This great man is also President of sixteen corporations in that great western city. That afternoon we had a delightful trip to the Salt Lake, where we went bathing. At the time we went in, there were about 1200 men and women in the lake; after the bathing we sought the pleasure of the dance in the lovely pavilion above, where we remained till nearly midnight.

On Friday we were shown around the city in charge of Mr. D. P. Felt, President of the Utah Press Association.

Salt Lake City has 65,000 inhabitants, and has amusements for a city of one million population. We found plenty of Southern people there who have made fortunes. They have thrift, enterprise and push. In this one city twelve millions of dollars were distributed in mining dividends last year. We shall never forget our trip to this western country. On our return we spent two hours most pleasantly with John H. Williams in St. Louis, where he is gradually climbing the hill of fortune. He is head book-keeper for that great packing house, Neison Morris & Co.

This journey across the continent did us lots of good. It opened the intellectual eye and gave us new vision indeed. We formed acquaintances most delightful. We found friends who proved most charming. In fact it was a most pleasant and profitable trip long to be remembered.

LEVEL GREEN

The rain continues to pour down and many of those who were long faces during the "dry spell" are the most clamorous for dry weather. The rain has been a blessing of untold value indeed. Corn will be half crop (making from 2 to 5 barrels per acre) in this part of the county; and fall pastures will be good. Why don't a mule and cattle trader visit us? We have some for sale here.

There is a protracted meeting in progress at the Christian church with Bros. Owens and Todd at the helm. Altho, "Uncle Mart," as all call him, has nearly rounded up Four Score yet when he gets the "inner man" warmed up, much of his former zeal and eloquence are again reproduced, and one, even of my age, to listen to him preach now, will be caused to let his mind run back for a half a century and fix his thoughts on the now venerable preacher. We will speak more fully of this wonderful man at some other time for he has a history worthy the attention of our young men and boys, and if they know something of his "works and tribulations," how he scuffled with poverty, combatted ignorance and superstition and came out the hero that he is, it would give them fresh encouragement to preach.

As to what was written in a former article concerning Rev. F. L. Warren and the "Sooner dogs" was only a joke gotten up by the writer.

R. L. Brown came up from Somerset Sunday and spent a few days with his Pap and Mother. He reports business reasonably good in his profession and claims to be getting a reasonable share to his part.

Well the primary is over, the ticket named and the candidates and people breathing easier. Now it becomes us to quietly survey the field and see who we can defeat and then go to work and do it. Notwithstanding the wet weather.

Messrs Graves and Norton are busily engaged putting their staff back on the railroad. Graves has decided to get rich in his old days, and he won't have to live to the age of a patriarch to get there either.

The largest crowd ever assembled in Louisville was there Tuesday, to witness the parade of the 30,000 plumed Knights. Never before in the history of the city, has there been anything, which surpassed this parade, which marked the formal opening of the 28th. Triennial Conclave of the Grand Encampment of Knights Templar. At the reception given at the Girl's High School Tuesday afternoon, Judge Henry S. Barker, on account of the absence of Gov. Beckham, was selected as his accredited representative, to deliver the address of welcome to the Templars, on behalf of the State of Kentucky, from which the following is taken:

"Perhaps, Sir Knights, before I speak the words of formal welcome it will not be inappropriate that I mention another Knight of whom a personal sorrow has robbed us. To me personally he is a stranger. I do not know that I can rightly call his name. But I know that when our beloved country was in peril, when he, with matchless skill and undaunted courage, tracked the enemy across the pathless sea and locked him safely in the harbor of Santiago, men gratefully called him "Sly" (Schley), but when the enemy dashed again into the ocean to fight his way to home and safety, when there was flashed from the bridge of the Brooklyn those words of awful carnage which swept Cervera from the sea—when our plumed Knight stood matchless amid the wreck and ruin of Spain's second Armada, then every patriot tongue called him "Slay" (Schley). To-day he and our country's honor are again in pawn to fate—God grant to her and him another victory."

"BRIER" CAMPBELL, of the Somerset Journal, seems to want to poke a little fun at us because we said, "that in going over Kansas City, you go up one hill and down another." We were somewhat surprised to know, that, the Somerset editor really knew that, you had to ascend a hill before you could descend it, as he falls short of ever reaching the top of even a small mound.

MAJOR LILLARD, editor of that splendid, up-to-date semi-weekly, The Danville News, has placed the editor of this paper, under many obligations, for the nice compliment paid us, in the last issue of his paper, but we fear, however, that the Major was just a little reckless in the use of his words, and said too much in our favor.

Judge P. D. Collyer has sold his farm, in the western part of town, to Dr. John M. Williams, for \$1,800.

Harrison Brannaman sold at Brodhead last week, two mules for \$2,100. This is the span, that won the blue ribbon, at the Brodhead Fair, instead of the red, as we reported last week.

Tom Pence bought of Wm. Matheny, 30 65-lb. lambs at 2 3/4c. —Lincoln Democrat.

The cucumber crop over almost the entire country is a total failure, and dealers shy pickles will disappear from the market by Christmas. There will be no pumpkin pies because there will be no pumpkins. —Georgetown court day, auctioneer Ben. B. Peak reports 150 cattle on the market. Good cattle of 850 lbs weight sold at \$3 35 to \$3 75 per cwt.; heifers at \$2 75 to \$3; calves, \$16 to \$18 per head; horses, \$30 to \$75. Forty-one sheep sold at \$2 50 per head. —Paris Democrat.

Mt Sterling court day, the Advocate says: About 1,000 cattle

on the market. Quality common, with few exceptions. Trade was better than last court, but at prices a little lower. One bunch of 2-year-old cattle sold at 4c; yearlings at 3 to 4c; heifers at 3 to 3 1/2c; cows at 2 to 2 1/4c; bulls at 3c. About 1,000 or 1,200 sheep on sale, quality common. One bunch of good ewes at \$2 75 was refused, the ask being \$3. Most sales at about \$2. A few 125-lb hogs sold at 5c.

John Webb shipped a car load of lambs, a car load of hogs and a car load of cattle to Louisville last week. The lambs were bought at \$2 50 and \$3 25, the cattle at \$1 50 and \$3, and the hogs at \$5 and \$5 25. —Danville Advocate.

LANCASTER COURT.—There were a number of cattle at Lancaster yesterday, but buyers were scarce and very few sales were made. A small bunch of butcher cattle brought 2 3/4c and some yearlings 4c. A number of mule colts changed hands \$17 to \$40 and aged mules \$75 to 140. The horse market was dull.

Dr. P. W. Logan left at this office Saturday some Oklahoma corn which is very much unlike that raised here. The sample of "squaw," or primitive corn has grains of every color of the rainbow. Call in and get a few grains. Dr. Logan was considerably impressed with Oklahoma but has no idea of leaving Kentucky. He also left samples of the original Russian or Turkey wheat, introduced into Kansas and known there as Kansas hard wheat. It yields from 15 to 50 bushels per acre and weighs 64 pounds to the bushel and having a hard, small grain is much sought after by exporters. As this wheat is well suited for very severe climates the doctor advises the farmers to try it here. Call at the I. J. office and see samples. —Interior Journal.

ASTONISHED THE EDITOR.

Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from Dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and, after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For Indigestion, Loss of Appetite, Stomach and Liver troubles it's a positive, guaranteed cure. Only 50c at all Druggists.

Gray Hair

"I have used Ayer's Hair Vigor for over thirty years. It has kept my scalp free from dandruff and has prevented my hair from turning gray." —Mrs. F. A. Soule, Billings, Mont.

There is this peculiar thing about Ayer's Hair Vigor—it is a hair food, not a dye. Your hair does not suddenly turn black, look dead and lifeless. But gradually the old color comes back,—all the rich, dark color it used to have. The hair stops falling, too. \$1.00 a bottle. All druggists.

If your druggist cannot supply you, send us one dollar and we will express you a bottle. Be sure and give the name of your nearest express office. Address, J. C. AYER CO., Lowell, Mass.

Young Women

The entry into womanhood is a critical time for a girl. Little menstrual disorders started at that time soon grow into fatal complications. That female troubles are filling graveyards proves this. Wine of Cardui establishes a painless and natural menstrual flow. When once this important function is started right, a healthy life will usually follow. Many women, young and old, owe their lives to Wine of Cardui. There is nothing like it to give women freedom from pain and to fit young women for every duty of life. \$1.00 bottles at druggists.

Miss Della M. Strayer, Tully, Kan. "I have suffered untold pain at menstrual periods for a long time, was nervous, had no appetite, and lost interest in everything, in fact was miserable. I have taken four bottles of Wine of Cardui, with Theodor's Black-Brought, when needed, and to-day I am entirely cured. I cannot express the thanks I feel for what you have done for me."

For supplementary reading, Carpenter's geographical history of North America, South America and Asia. In making this change, no hardship is worked on any one. Those, who have books, will be allowed to use them, and can at all times exchange their old books, for these new ones. While these new books will be on sale exclusively in this county, yet, no one will be forced to buy them, providing they have on hand old text books. Five years is the time allowed to make the change. They are much better and more up-to-date books, and can be bought for less money, making it all together, much better, both for the patrons and pupils.

ROCKCASTLE COUNTY FAIR ASSOCIATION,

CLOSED ITS SIXTH ANNUAL EXHIBITION FRIDAY, UNDER THE MOST FAVORABLE CIRCUMSTANCES.

The Rockcastle County Fair Association closed its sixth annual exhibition Friday, and had it not been for the appearance of rain, there is no doubt but that the crowd, would have been much larger than ever before in the history of the association. The interest shown by the people in general, was for greater than ever before, and there seemed to be perfect satisfaction everywhere. The stock shown Friday was unquestionably the best ever brought to the Brodhead Fair. The following carried away the premiums: best mare colt under six months old, George Owens; best mare one year and under 2 years old, W. M. Sowder; best mare over 2 and under 3 years, W. M. Sowder; best mare any age Jim Thompson; best horse colt under six months old, Frank Miller, first, Jim Thompson, second; best gelding over 1 and under 2, Jim Thompson; best gelding over 2 and under 3, Tom Napper; best gelding any age, Jep Morgan first, and Cris McClure, of Lincoln, second; best harness or saddle stallion any age, Tom Napper, first, Green Morgan, second; best saddle mare or gelding any age, Jesse Dykes, first, J. L. Rowlett, second; best running walker, Bud Dunn, first, Jesse Dykes, second; best combined harness and saddle ring, Bud Dunn; sweepstake roadster ring, best stallion mare or gelding any age, W. M. Hughes first and Joe Farris second; trotting race, purse \$60, W. M. Hughes, of Danville, first, Henry King, of Lincoln, second, and Sam Mason, of Madison, third; running race, Rube Bonaugh, first, Tom Napper second, Scott Farris, third; every body's prettiest baby, Hick Painter first and W. M.

Fields, second, (fortunate that neither of the children resembled their fathers in the least.) the fanciest turnout lady and gentleman, J. H. Dunn and Miss Susie Hilton of Brodhead, won first, and Walter Saunders, of Stanford, with Miss Jesse Goodall, of Nashville, got second; the fanciest single rig turnout, boy and girl 12 to 18, Lucien Dunn and Miss Roberta O'Bannon, first, and Wallace Gover, of Crab Orchard, and Miss Slaughter, second.

To President J. Thos. Cherry and Secretary J. W. Tate is due much praise for the splendid and successful way in which they managed every thing, and to them is assured the good will and hearty support, of every wide-a-wake, enterprising citizen of the county. Before next year the grounds will be moved to some suitable spot, where a half-mile track can be easily made, which is one improvement very necessary, but a little time is all that is necessary and all these necessary additions will come. Long may the Rockcastle County Fair Association, as well as, its splendid officers, live and prosper.

'CAN'T Afford TO Paint'

THE man who says that, forgets that painting properly done is economy, and the fact is he can't afford NOT to paint.

HOW often you require to paint is largely dependent upon the paint you use.

The Sherman-Williams Paints out last others. They are the most economical paints you can use, because they cover most and wear longest. Add to this their good appearance, and you have perfect paints—THE SHERMAN-WILLIAMS PAINTS.

They are made for many different kinds of painting. Whatever it is you want to paint—a house, or anything in or out of the house—we make the right paint for that particular purpose—not one slap-dash mixture for all.
